SUMMARY

An analytical, hard working web developer with a passion for learning. I am experienced in Ruby, JavaScript, SQL and have a background in Electrical Engineering. I worked as a system engineer for 3 years before switching to web development. I want to use my problem-solving skills and technology to solve challenging problems.

SKILLS

Object oriented programming using Ruby and JavaScript. Ruby on Rails, Sinatra, React, SQL, HTML, CSS, Data Structures & Algorithms.

PROJECTS

Trivia Zone – <https://github.com/soumyaveer/trivia-zone>

Trivia Zone is a fun way to test your knowledge and compete with others online.

- Uses Ruby on Rails and Postgres on the backend.
- Uses JQuery, Bootstrap and custom CSS on the frontend.
- Uses Devise and OmniAuth for Facebook OAuth authentication.
- Deployed on Heroku.

Reminders – <https://github.com/soumyaveer/reminders>

This app helps you manage important tasks by scheduling them via email notifications.

- Uses Ruby on Rails as the backend API server.
- Uses React, Redux, React Router on the frontend.
- Deployed on Heroku.

Book Progress – <https://github.com/soumyaveer/book-progress>

Book Progress helps you track your reading progress and watch what others are reading.

- Uses Sinatra and Postgres on the backend.
- Uses CSS, Bootstrap on the frontend.
- Uses a custom signup and authentication system written from scratch.
- Deployed on Heroku.

PROFESSIONAL EXPERIENCE

Math Tutor

University of Houston

June 2014—May 2015, Houston, Texas

- Taught undergraduate students algebra, geometry, business calculus, and other Math related undergraduate courses.

Systems Engineer

Infosys, Ltd.

November 2009—October 2012, Pune, India

- Developed and automated the execution of SQL queries to generate billing reports.
- Worked to diagnose and fix bugs in one of the Bank of America applications.

EDUCATION

Flatiron School (on a scholarship from shegeeksout.com)

July 2017—April 2018

- 8 month Fullstack Web Development program. The highlights of this program were: Ruby, Javascript, Rails, SQL, React, HTML, CSS, Data Structures & Algorithms.

University of Houston

August 2013—May 2015, Houston, Texas

- Degree: M.S. in Electrical Engineering. GPA 3.6

Visvesvaraya Technological University

August 2005—May 2009, Bangalore, India

- Degree: BE. in Electronics and Communications Engineering. GPA 3.6
